

Oncology Support Programme

An integrated programme to support better health, boost the immune system and offset intense side-effects. For those who choose not to have conventional treatment we work to ensure your best quality of life.

Duration – 6 months; Cost - £5000

This programme is “Clinician Recommended” following an Optimal Health Assessment which is not included in the Programme price.

Programme Clinical Lead – Wenche Johannessen - Healthcare Assistant and Phlebotomist wenche@healthoptimising.co.uk

Our Health Optimising Programmes are bespoke and offer you guided support from an experienced Clinical Lead. Free access to our Clinician OnCall Acute Same Day Service is also included (please put the Hotline number - **020 3951 0457** - in your phone now) Programmes represent an average 20% saving over booking treatments individually.

INDICATION OF LEVEL OF SUPPORT INCLUDED

Your programme will be individualised based on your personal health picture. This is an example of what an average programme could look like to give you a guide as to the type and number of assessments and treatments which may be included.

Review every 2 weeks with Clinical Lead (x12)

We recommend reviews every 2 weeks throughout the programme to demonstrate improvement and to highlight where work is still required.

Oncology Symptom Support (x3)

Combines alternative & conventional medicine to offset intense side-effects of chemotherapy & radiation, while simultaneously supporting and boosting the immune system. If you choose not to have chemotherapy we work to ensure the best life quality.

Advanced Lymphatic Drainage (x6)

The status of your lymphatic system is important for improving immunity, draining excess fluid, absorbing & distributing fat soluble nutrients. Includes a light cleansing massage with indicated essential oils to further encourage lymph drainage.

Well Mind Psychology (x4)

Supports you in reconnecting with your inner emotions and feelings to achieve positive emotional and mental wellbeing in a safe, caring, transformative and collaborative way.

Pulsed Plasma Light Therapy (x6)

Encourages self-regulation to quickly reduce the impact of the microorganisms which can cause stubborn infection.

The Rehabilitator using Papimi (x6)

The Rehabilitator's unique magnetic nano pulses stimulate the self-regulation of symptoms but also the deeper source of health problems identified at the cellular level.

Nitric Oxide Treatment (x3 – 10 minutes)

Direct Nitric Oxide (N-O) treatment using Plason medical technology for healing through improving vascular circulation and tissue oxygenisation.

Hyperbaric Oxygen Therapy (x10)

Oxygen is vital to every cell in our bodies. Literally at the heart of our energy & vitality, recovery & rejuvenation, healing & performance. Hyperbaric Oxygen Therapy increases blood oxygen to fight disease, accelerate healing & improve vitality.

Liver/ Kidney/ Gallbladder Flush

Undertaken to support the breakdown and release of toxins in the main organs of detoxification

Colonic Hydrotherapy (x3)

A very gentle & effective method of cleansing. By removing harmful waste material, detoxification is given a real boost and your immune system can breathe easily again. A healthy, well-functioning colon is essential for optimal health.

FIR Infrared Sauna (x4)

FIR stands for "Far Infrared Ray" and is often referred to as the "light of life" as around 80% of the sun's rays fall within this spectrum of light. FAR infrared heat is renowned for its energising powers as it's wavelength matches that of human cells. FAR infrared rays tend to heat objects rather than the air in between. As a result sweating can occur at lower air temperatures and high perspiration levels can be achieved.

NOT INCLUDED

Will always be an additional charge.

Medical Thermography (MT) Study - HD Imaging Screen.

A full body health discovery tool, particularly beneficial for breast health as well as spine, abdomen, low grade inflammations, cardiovascular disorders, musculoskeletal disorders, diabetes and hormonal disturbances. Uses the highest resolution camera to visually record and give a very accurate location of any physiological changes and metabolic processes. Study analysed by full time and experienced interpreters in the USA who have reviewed thousands of thermograms using specialist software.
